

ans

Disaster Recovery Accelerator.

RAPID, DYNAMIC RECOVERY FOR INSTANT PEACE OF MIND.

ANS' market leading Disaster Recovery Accelerator delivers a recoverability capability within weeks – delivering a production grade cloud based disaster recovery platform that removes the need for secondary data centres or rigid, lengthy and costly business continuity contracts.

ANS' Disaster Recovery Accelerator provides an enterprise grade, highly automated recoverability service for on premises applications and services by utilising the Microsoft Azure platform for true 'pay as you go' based consumption:
